**Weld Fume
Extraction Systems**

MF Mobile Filter

MF Mobile Filtration Unit versatile & cost effective

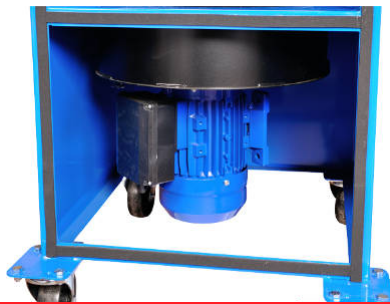

■ Designed to capture weld fumes at source, the **MF Mobile** incorporates a 14m² cartridge filter, with up to 99.9% efficiency.

■ Robust, yet easily to manoeuvre and with either 2m or 3m super flexible extraction arm, makes this unit ideal for working at multiple work stations.

■ Simply plug in (230V), switch on and the **MF Mobile** is ready to use. The extraction hood and arm are easy to position, whatever or wherever you may be welding.

■ The 'no maintenance' filter can be replaced within minutes or cleaned with our Jet-Cleaner.

■ Also available, the **MF Mobile Eco**, this has a jet pulse system built-in to provide internal filter cleaning. (Not pictured)

Our Complete Welding Fume Package

From a desk mounted arm to capture solder fumes, to our largest boom arm, where the hood can be positioned anywhere within a radius of about 9 metres, you can be sure we have a cost effective solution for all of your weld fume extraction requirements.
