***MF-Mobile***

# Mobile Weld Fume Filtration Unit

Our MF-Mobile is designed to capture welding fumes at source. It incorporates a 14m<sup>2</sup> cartridge filter with up to 99.5% efficiency (99.95% with HEPA H13 filter) to remove harmful gases before returning the cleaned air back into the workspace.

Robust, yet easily manoeuvrable, this unit is ideal for working at multiple work stations and is supplied as standard with a 3 metre super flexible extraction arm and internal cartridge filter (HEPA filter optional).

Simply plug-in, switch on and the MF-Mobile is ready for use. The 'no maintenance' filter can be replaced in minutes or cleaned with our JET-CLEANER. Also available is the MF-ECO which has Jet-Pulse filter cleaning system built-in (not pictured).

- Over 1000m<sup>3</sup>/h
- Supremely versatile
- Three metre Flexi-Arm
- Lockable castors
- Easy to maintain
